Section 4. R.S. 51:1753.1 and 1753.2 are hereby enacted to read as follows:

§1753.1. Mentor-protégé program; legislative findings; purposes; implementation

A. It is the finding of the Legislature of Louisiana that the overall economic health of the state would be improved by enabling the growth or formation of more viable small businesses. The legislature also finds that one way to facilitate the growth and formation of small businesses is by the establishment of a mentor-protégé program to enable economically disadvantaged businesses to break down barriers and build economic self-sufficiency and capacity. The legislature finds that the establishment of a mentor-protégé program would benefit the state as the program would facilitate the creation of mutually beneficial relationships to assist in the transfer of managerial and technical skills and in the provision of one-on-one technical assistance from companies which are self-sufficient and thriving to companies which are attempting to succeed economically. The legislature further finds that an important element in facilitating companies to become economically viable includes development of the capacity to compete for public and private sector contracting and purchasing opportunities.

B. There is hereby established within the division the mentor-protégé program which shall be administered by the division. The division shall provide for implementation of the program through the adoption and promulgation of rules and regulations which, at a minimum, provide for the following:

(1) Terms, conditions, and criteria for participation which at a minimum shall include eligibility as economically disadvantaged businesses and person.

(2) Development of a departmental marketing plan identifying business sectors to target for mentor-protégé activities and identifying potential firms to participate.

(3) Establishment of a database of protégé companies throughout the state to identify companies based on the type of enterprise in which they are involved.

(4) Guidelines for participation by mentor firms, including the following:

(a) Demonstrated capacity in managerial or technical skills.

(b) Participation requirements, including the time frame of the mentor-protégé relationship, specific business processes, procedures, or skills which will be transferred, and other evidence that a bona fide mentor-protégé business relationship exists.

(5) Guidelines for participation by the protégé firms, including:

(a) Eligibility criteria, including a net worth threshold and other business capacity measures.

(b) Eligibility for governmental contracting.

(6) Development and approval of a mentor-protégé plan between qualified firms detailing the following:

(a) The duties and responsibilities to be performed by each party in the joint, reciprocal relationship, including the transfer of managerial and technical skills and the development of competence, competitive position, and shared opportunity.

(b) Prohibition of mentor-protégé participation in the source selection process pursuant to R.S. 51:1753.2 within one hundred and

twenty days after a mentor-protégé plan between two companies has been approved.

(c) Provisions for termination, including provisions relative to competition between the mentor and protégé firms once the relationship is ended.

(7) Measures of performance to evaluate each individual mentor-protégé plan approved by the division including measures of the change in protégé firm's business capacity and capability, numbers and dollar value of contracts under the plan, and progress toward graduation from protégé status.

(8) Provisions for nonperformance by either the mentor firm or the protégé firm.

(9) Provisions for conflict resolution between the two parties in the relationship.

(10) Implementation of internal departmental controls over the program and the participants.

§1753.2. Executive branch agency participation in mentor-protégé program

Any state agency may develop a plan for participation in the mentor-protégé program which plan shall be consistent with the rules and regulations adopted pursuant to R.S. 51:1753.1. Additionally, each plan shall specify the conditions for participation for that agency in accordance with the statutes governing public bid and procurement.

R.S. 46:2551 is all proposed new law.

A. The legislature hereby finds and declares that:

(1) While the rate of adolescent pregnancy is declining it still remains a very serious problem facing the state and the nation.

(2) Problems relative to adolescent pregnancy are of particular concern to Louisiana because the state ranks among the top ten states in the nation in the rate of adolescent births.

(3) The high number of unintended or unwanted adolescent pregnancies is a tragic and undesirable consequence of complex societal forces.

(4) Society must bear the cost of adolescent pregnancy in terms of loss of human potential, rising health care, and welfare expenditures.

(5) Collecting data on the incidences of adolescent pregnancy will better enable the state to address the underlying issues and prevent and lower the incidence of adolescent pregnancy which are critical to improving the overall health, education, economic, and social status of our adolescents and of future generations of Louisiana citizens.

B. The legislature, therefore, declares that the purpose of this Chapter is to create the Louisiana Adolescent Pregnancy Review Board in order to collect data on the incidence of adolescent pregnancy in the state in an effort to help prevent and significantly reduce the incidence of future adolescent pregnancies.

Message from the Governor

The following message from the Governor was received and read:

June 18, 1999

Honorable Alfred W. Speer
Clerk of the House of Representatives
State Capitol
Baton Rouge, LA 70804

RE: HOUSE BILL NO. 1307 BY REPRESENTATIVE MURRAY

To amend and reenact R.S. 23:1221(3)(a) and (d)(iii), relative to supplemental earnings benefits; to provide relative to the calculation thereof; to remove the termination of supplemental earnings benefits when one begins to receive old age insurance benefits; and to provide for related matters.

Dear Mr. Speer:

House Bill No. 1307 would change the formula for the calculation of workers compensation supplemental earnings benefits and change the termination of such earnings benefits. This change would increase litigation on proof of employee's retirement status thereby increasing internal claims administration costs and increase compensation benefit costs because eligibility for benefits would extend for a longer period of time.

For this reason I am vetoing and returning House Bill No. 1307 to you.

Sincerely,

M.J. "Mike" Foster, Jr.

Lies over under the rules.
